

Did You Know?

Discount prescription drug cards can save you money. But, some scammers use fake discount cards to steal your identity or your money. Before accepting a card, remember:

- Real discount cards are FREE you should never pay for one
- Fake discount cards ask for money or claim to replace Medicare
- Talk to someone you trust, like your health plan or pharmacist

If you are enrolled in Medicare Part D, your prescription drugs are already covered. Call 1-800-MEDICARE with questions about your prescription drug costs and any gaps in coverage.

To discuss benefits, coverage or claims payment concerns, contact Customer Service at:

To report suspected fraud, call: 1-877-7SAFERX (1-877-772-3379)

Do Your Part

Learn the difference between real and fake discount drug cards:

Prescription drug discount cards:

- Are free and may come from well-known stores or healthcare companies
- Can help Medicare Part D enrollees in a coverage gap
- Do not claim to replace Medicare or insurance

Avoid cards that:

- ✤ Ask for money or your Medicare number
- Claim you will lose your Medicare or Prescription Drug coverage without a card

Remember: Never give out your Social Security, Medicare, health plan numbers or banking information to someone you don't know.
